PROFESSIONAL EXPERIENCE

Website Developer and Administrator, 08/2021 to 08/2022
BLACKWINGS EXPRESS INTERNATIONAL PTY LTD - Moonah, Tasmania

- Developed and converted over 4 mockup designs into functional & responsive web pages with HTML, CSS, JavaScript (Jquery) and AJAX coding. All the pages were accepted by the supervisor and brought into published which are "Creating new order", "Searching orders", "Adding new customer", "Searching customers".
- Implemented and refactored the back-end codes of 3 functionalities (Orders, Users, Reports) including connecting to database, handling data requests & responses between server and application, querying CRUD operations with MySQL. This helps the team to maintain, fix the source codes much quicker and more efficient.
- Attended in developing new functionality of the software which helps the operation team to cut off 50% of their time in creating new orders, scanning and following up the orders.
- Multi-tasked across roles in front-end and back-end website development cycle to generate project results and meet deadlines and organizational expectations.
